

Little BY Little

GEORGIA FAMILY CONNECTION 2026 CONFERENCE

October 21 – 23 | Jekyll Island

Hosted by Georgia Family Connection Partnership

Sponsorship Opportunities

350 LEADERS. 159 COUNTIES. 1 SHARED VISION.

Little by Little celebrates how real progress in improving outcomes for children and families happens across Georgia: through steady collaboration, shared learning, and community-driven solutions.

At **Georgia Family Connection**, we tackle deeply rooted, complex challenges that require long-term focus and sustainable solutions rather than quick fixes. We know lasting change like that doesn't happen all at once—it happens **little by little**. Each partnership we build, each strategy we implement, and each leader we equip moves communities closer to better outcomes for all children and families.

Who Attends

More than 350 decision-makers—spanning education, health care, government, business, and social services—will come together at our **2026 Georgia Family Connection Conference** to share what's working, strengthen partnerships, and accelerate impact in communities across the state.

This is where partnerships are built, ideas become action, and statewide impact begins.

Sponsorship Benefits

By sponsoring this conference, you're not just supporting an event—you're investing in the relationships, strategies, and local leadership that drive long-term impact in all 159 counties. Your investment expands access, strengthens collaboration, and fuels innovative strategies that improve education, health, and family well-being across Georgia. By partnering with us to foster in-person connection between our statewide network and other thought leaders, you're helping to:

- equip influential grassroots leaders from urban and rural areas across Georgia and beyond with new knowledge, resources, and relationships;
- increase your credibility as a trusted partner for children and families;
- align and amplify the impact of proven, community-driven solutions;
- elevate your visibility across sectors and all Georgia communities; and
- shape policy and practice regarding some of Georgia's most pressing challenges.

Sponsorship Levels

Community Champion—A Direct Investment in Local Leadership and Impact

Sponsor a local coordinator, board member, or Collaborative partner to attend the conference so they can return with strategies that strengthen your community. Community Champions receive recognition at the conference and in the sponsored participant's county.

Additional On-Site Opportunities

Support high-impact conference experiences, including keynote speakers, networking receptions, and meals. Opportunities are also available for branded materials, giveaways, and other custom sponsorships.

About Georgia Family Connection

At Georgia Family Connection, we envision a Georgia where every child, family, and community is healthy and thriving.

Georgia Family Connection is a statewide infrastructure, established by the Georgia General Assembly, to align efforts across sectors—driving better outcomes for children, families, and communities. It brings together two distinct but connected forces for change: a statewide network of Collaboratives in all 159 counties and Georgia Family Connection Partnership (GaFCP).

The **Georgia Family Connection statewide network** works alongside children, families, and communities to help them thrive by crafting local solutions that maximize resources and make systems more effective and efficient.

GaFCP strengthens Georgia Family Connection Collaboratives in all 159 counties by cultivating local action; we unite partners and leverage resources; and we foster informed decision-making—to improve systems and outcomes for every child, family, and community.

Your sponsorship fuels the relationships and solutions that move Georgia forward.
Let's build what's next—**Little by Little**.
