GaFCP supports county Collaboratives’ local action and linkages to regional and state efforts by:

- Providing technical assistance and training
- Offering mentoring and coaching
- Sharing data and tools
- Providing professional development and peer support
- Enhancing communication
- Convening and linking Collaboratives

**SUPPORT COUNTY COLLABORATIVE NETWORK**

Investments in Collaboratives are maintained and strengthened

Collaboratives are vital, accountable, and sufficiently resourced

Collaboratives implement effective county-level strategies that are responsive to community needs

Collaboratives expand effective strategies

Linkages between statewide and local work are increased

The statewide Collaborative network is sustained and effective

**PROMOTE INFORMED DECISION-MAKING THROUGH DATA, EVALUATION, & RESEARCH**

Stakeholders access credible data—including disaggregated data—and use research findings to track outcomes and disparities

Stakeholders have increased knowledge about conditions for children and families in Georgia and implement effective practices to address their needs, promote their successes, and reduce disparities

Stakeholders rely on data, evaluation findings, and research to set priorities, align work, and allocate resources

**DEVELOP, MAINTAIN, & EXPAND PARTNERSHIPS**

Statewide and local partners understand GaFCP’s vision and value GaFCP’s disciplined model of collaboration

Statewide and local partners better understand opportunities for greater alignment and partnership

Statewide and local partners engage in collective action around outcomes for children and families

Partners strengthen and leverage collective efforts

Partners increase investment in child and family results
